KURT ANDREI MIAN

OBJECTIVE

Detail-oriented Computer Science graduate with practical experience in software development, virtual assistance, and technical/customer support. Proficient in Python, Java, C++, and web technologies with a strong grasp of data structures and OOP. Skilled in appointment setting, lead follow-up, CRM management, and technical troubleshooting, with a proven ability to resolve complex issues and collaborate effectively in fast-paced, high-volume, remote environments.

EXPERIENCE

Virtual Assistant – Appointment Setter

Bulletproof Cycling | September 2025 – May 2026

- **Appointment Setting:** Contacted and qualified inbound and outbound leads via calls, email, and messaging platforms to schedule appointments, contributing to a consistent daily booking rate.
- **Lead Follow-Up & Nurturing:** Tracked and re-engaged warm and cold leads through structured follow-up sequences, keeping prospects moving through the sales pipeline.
- **CRM & Calendar Management:** Maintained accurate lead and appointment records in the CRM, and managed scheduling calendars to prevent double-booking and no-shows.
- **Time Management:** Reliably managed daily appointment-setting targets on a part-time schedule while balancing concurrent academic and work commitments.

Advisor II – Technical Solutions

Concentrix (Comcast account) | August 15, 2024 – June 17, 2026

- **Technical Troubleshooting:** Diagnosed and resolved internet, video, and voice service issues, walking customers through step-by-step troubleshooting to restore service efficiently.
- **Upselling & Retention:** Identified upgrade and retention opportunities during support calls, presenting relevant plans and offers that helped save at-risk accounts and grow revenue.
- **CRM & Documentation:** Logged case details, troubleshooting steps, and resolutions accurately in the CRM to ensure continuity of support and proper issue tracking.
- **Process Improvement:** Applied structured troubleshooting frameworks to reduce repeat contacts and improve first-call resolution rates.

Customer Service Representative

IQOR | March 9, 2023 – May 21, 2024

- **Issue Resolution:** Resolved high-volume customer inquiries daily through effective, empathetic communication and strategic problem-solving.
- **CRM Management:** Utilized specialized CRM software to accurately document customer interactions, track issues, and ensure prompt follow-ups.
- **Leadership & Training:** Assisted in onboarding and training new team members on company service protocols and platform navigation.

EDUCATION

Bachelor of Science in Computer Science

University of St. La Salle | 2022 – 2025

Senior High School

University of St. La Salle | 2020 – 2022

Basic Education

La Consolacion College | 2015 – 2019
